> " We build capability of software development teams to deliver effectively. We bring to bear scrum and complementary tools in the simplest manner possible. So, ultimately your customers are happy.

COMPREHENSIVE SCRUM

Scrum Consulting & Training from a most experienced crew

OBJECTIVE

Scrum in essence, is a radically more effective and different approach to developing software. Participants will be able to understand the advantages of using Scrum and have a good grounding in this methodology. Attendees will be familiar with the basics of Scrum practices/ceremonies. Teams shall be able to work effectively in Scrum teams as will ScrumMasters and Product Owners. Software development projects will never be the same again.

FACULTY

Srinivas Chillara
Country's first independent Scrum Coach

Srinivas has over 20 years of experience in various roles, domains, platforms and countries, throughout which he has kept a keen interest in software development. He has trained and consulted to many companies in India and abroad: Akamai, DST, IGT, Nokia, PTC, Teradata, Yahoo and Zensar amongst many others. He is Asia's first instructor for the Certified Scrum Developer course (TDD being a central module) and has conducted trainings in USA, Europe and Thailand.
He was exposed to XP in 2000 and to Scrum in 2003. He is a graduate of IIT Kharagpur and a Masters from Reading University, UK.
